IMEX Association Evening, 20 May 2019 Networking Opportunity with Association Decision Makers!

AIPC is once again collaborating with IMEX to attract international associations to an educational seminar programme on the day prior to IMEX which will maximise subsequent attendance at the show from this important group - our customers!

An estimated 800 association buyers are forecasted to attend IMEX 2019; 300 of which will attend the IMEX Association Day & Evening hosted by IMEX.

As AIPC is assisting in co-ordinating the Association Evening, AIPC members who are exhibiting at IMEX are invited to attend the reception at no charge, providing that you RSVP as per below. However, due to the popularity of this event, a maximum of 2 people from each exhibiting company may register.

This will probably be one of the best occasions to meet association buyers face-to-face in a very congenial setting.
